

Game Overview

Crown Roulette introduces two additional possible winning sections, while still being the perfect entry level experience to the game of Roulette. In addition to the standard betting options, Crown Roulette offers the Crown logo and the Any Green sections to the combination of outcomes available.

The Crown Roulette wheel has 39 segments labelled [Crown], 00, 0-36. The game begins with players placing their bet/s on the Roulette table until the Dealer announces, "No more bets."

When the ball comes to rest, the Dealer will call out and crown the winning number. The Dealer will then clear losing bets and pay winning bets as per the Payout Odds.
